Big Steel Trust's Declaration For Open Market Means Fight Against Small Concerns For the Business

New York Hears Price Has Been Cut Three Dollars and Bears Make Raid at Opening of 'Change.

New York, Feb. 20.—No single event in the business world recently has been received with so great interest as the new policy of the steel company. There has been much speculation as to whether the new order was made for the effect of its influence on public opinion. It is declared by some a chaotic condition of the market is expected to follow a probable reduction in wages.

Pittsburgh, Feb. 20.—Action of the Steel corporation, declaring for an "open" market, is considered here, as a declaration of war against the small independent concerns. Despite the optimistic tone of the trust's statement, it is believed the big corporation is after smaller ones in the price cutting war. A general reduction in wages is expected to accompany the cutting, according to informed steel men.

Bears Make Raid.

New York, Feb. 20.—There was a heavy drive in steel commons this morning at the opening of the stock market. Bears were endeavoring to take advantage of yesterday's steel report and raided the stock. The opening transaction was 12,000 shares.

Price of Rails Cut.

New York, Feb. 20.—It is stated on Wall street today that the price of steel rails has been cut and orders are being placed at three dollars below the official price.

Independents Ready.

Chicago, Feb. 20.—The Independent steel companies having offices in Chicago, today announced themselves ready to meet any cut in prices made by the steel trust. They declare the price-cutting is due to the fact that the independents have been getting most of the business since the first of the year.

At Cleveland.

Cleveland, Feb. 20.—Independent steel companies here are not alarmed over the open market move of the trust. They declare they don't fear a war of extermination. Dealers here say the idea that the trust will refuse to sell them raw materials, thus helping to force them out, is unfounded.

Electrical Concerns Merge.

The interest of Jesse Weil in Foreman Brothers' Electrical company, has been sold to Messrs. Earl Foreman and Roy Gresham, and the two firms will be consolidated. The garage will remain on North Fourth street, while the electrical department will be on Broadway.

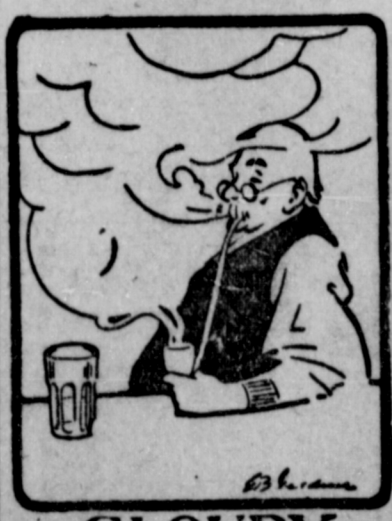

CONGO STEAMER, RUDDERLESS, DRIFTS OVER LIVINGSTON FALLS—MANY DEAD

London, Feb. 20.—The news was received here today that the Congo state steamer, St. Eggestrom, was swept over Stanley Falls. She was unmanageable on account of a broken rudder. Twenty or 21 members of the crew were drowned. Captain Sergin said the disaster was unavoidable.

NEW HIGH MARK.
Chicago, Ill., Feb. 20.—Wheat reached \$1.15 1/4 today, a new high mark. The market is steady with no show of nervousness. Many dealers say prices are not due to speculative manipulation but to natural causes. The Patten crowd, however, is dealing largely in May futures and it is believed an attempt to corner the crop is being made.

MOORE DECLARES CHAIRMAN ACTED BEYOND POWERS

John L. Moore, of La Center, said he probably will appeal from the decision of W. A. Berry, state central committee, in the matter of fixing the date for the Second district senatorial convention. Mr. Moore said today that Mr. Berry had, in his opinion, overstepped his prerogative on appeal, by arbitrarily calling the convention for a place not considered by the senatorial committee, which recently deadlocked. Benton and Arlington were considered.

District Chairman W. A. Berry has decided that the Democratic convention of the Second senatorial district shall be held here at 10 a. m. April 27. The precinct conventions will be held April 24 at 2 o'clock. Each precinct is entitled to one delegate for every 200 votes cast for W. J. Bryan or fraction over 100. The decision is favorable to W. V. Eaton, of this city, and E. Barry, of Benton, who desired an early convention. John M. Moore, of Ballard, desired a late one. The chairman decided that Moore, being a candidate, should not have voted as committee. The decision of the chairman apparently respected the wishes of a majority of the candidates.

Little Boy Fractures His Leg.
While playing show this morning, six-year-old Frank Morgan, son of J. E. Morgan, 615 South Fifth street, fell and broke his right leg.

Riot Over Religion

Ely, Nev., Feb. 20.—A serious outbreak here is threatened owing to a riot in the Austrian colony in which 20 shots were fired at a dance. Religious troubles was the cause. A mob surrounded the jail this morning, threatening to lynch the men who started the fight. The jail is heavily guarded.

This figure, nine feet tall, of solid bronze, is to stand upon a granite monolith seven feet high, the whole to surmount the mound in the center of the park. It will be a most imposing work of art, not surpassed by anything in the whole state of Kentucky, and said by a competent critic to be equal to any similar monument in New York city, not excepting St. Gauden's statue of Farragut.

The granite steps and base of the monument are expected at any time, as the notice of their shipment has been received. The 15th of May has been set for the day of unveiling the monument, when it is expected a large gathering of old veterans and their families from all over the surrounding country will attend. Arrangements are being made for a distinguished orator for the occasion. The committees having the raising of this fund in hand have put forth great efforts and from the above statement it is shown that some of our citizens have been most generous; still there are a large number who have not yet responded. To these this appeal is made, to now come forward and make up the balance.

Says Wishes He Could Take a Ride.

PARISIAN WAITER HELD OVER

APPEAL FOR FUND FOR MONUMENT TO THE CONFEDERACY

To the citizens of Paducah an earnest appeal is made for assistance in raising the remaining \$1,000 guaranteed by the Daughters of the Confederacy and Confederate Veterans as their part towards paying for the Confederate monument to be erected in Lang park. Four thousand dollars of this five thousand promised has been collected and paid over to the sons of General Tligman, who so generously have promised to make up the balance, which will amount to at least \$15,000. Besides this donation, Mr. Frederick B. Tligman has given the city, through his stewardship of a fund placed in his hands for the purpose of erecting fountains, the beautiful red granite fountain valued at \$1,000, placed at the intersection of Broadway and Tenth streets. The contract has been let for the erection of the heroic bronze figure of General Lloyd Tligman, which will represent the type of man that made the Confederate soldier's name one of pride to their people.

Robin Cooper Takes Stand in His Own Defense at Nashville Today and Great Crowd Hears Him Speak

His Counsel Will Endeavor to Make Out Case of Self-Defense by His and His Fathers Testimony.

Nashville, Tenn., Feb. 20.—A change in the plan of the defense was made this morning. After announcing that Colonel Cooper would be placed on the stand, it decided to put Robin Cooper on and let him tell the story of the shooting, while the testimony of his father later would be used to confirm his statements. Recross was granted at the request of the defense shortly after the trial opened. It was whispered about that Robin Cooper had escaped. Later the judge explained he had been taken to a physician's office to have a photograph of his shoulder taken with an X-Ray, in the hope of locating the bullet lodged there.

When court convened Attorney General McCrack announced he had no additional witnesses to be called. Chief Counsel Anderson, for the defense, nodded to Cooper, who took the stand. The early portion of his testimony was devoted to an unimpaired recital of his career, his lawyers leading him gradually up to the tragedy.

Robin Cooper took the stand in his own defense today. Under the Tennessee law if the defendant is placed on the stand in his own defense he cannot be sworn as the first witness. Cooper's story is the strongest card for the defense. By his testimony it is expected to show the killing was in self-defense. The report that Cooper was to testify brought immense crowds. All unable to get seats were excluded.

Robin Cooper on the stand today told of the shooting of Carmack. He contended Carmack had his revolver in his hand before Robin drew his pistol. He placed the blame for the shooting on Carmack.

City to Observe Arbor Day.

The local Forestry association, of which Mrs. Victor Voris is the president, has asked Mayor Smith to set apart a day next month to be observed as Arbor Day, when the city will unite with the Forestry association in planting out trees. This is a commendable move and the mayor, who is always keen to appreciate such things will doubtless lend it his hearty co-operation. It will be a long step toward a "city beautiful."

Lower Michigan, Feb. 20.—The Hotel Finian burned here early today. Two persons were burned to death. Other guests escaped.

Mitchell Stands Pat

New York, Feb. 20.—John Mitchell denied today that he would take a government post and desert the cause of the workmen. He said if the decision Judge Wright is sustained he will cheerfully serve the sentence. "My voice would reach farther from the District of Columbia jail than from here," he said.

TRICK STATE BY BLIND IS SCHEME, OF OIL COMPANY

Kansas City, Feb. 20.—Counsel Hagerman for the Standard today declared it is true he has been approached by counsel for the Waterbury company, regarding reorganization, which would keep the stock under the present ownership, but give apparent control to Pierce. Governor Hadley declared Hagerman was the man who gave him information that this was the plan of Pierce.

much discouraged, but take heart in the belief that when so much has been done the good people of Paducah will not fail to come now to their assistance in fulfilling their part in the accomplishment of a monument worthy of the men it commemorates, while decorating one of our parks in a manner unsurpassed in art centers. BANK CLEARINGS ARE NEAR NORMAL AT THE WEEK'S END

Business Holds Well in Spite of Quiet Tone of Commercial Transactions.

Contract is Let For Building West Kentucky Barges.

MONDAY IS LEGAL HOLIDAY

BANK CLEARINGS.
This Week \$788,396
Last Week 881,144

Business has been quiet this week, yet the various business firms have not complained, as the bank clearings are near the normal figure, although a slight decrease from last week. Tobacco has moved freely during the week and the sales in the association warehouses as well as the loose leaf warehouse have been good. It has not been an unusual sight to see trains of wagons of loose tobacco arriving in the city last week. The sales of tobacco has made the farmer's purse well filled, and active work has begun for the spring planting.

Seed dealers are busy now selling a great variety of seeds, while the farm implement dealers report an excellent business. Hardware dealers have good orders for the farm utensils. The hunting season is about over, but the dealers are having heavy sales on shells suitable for duck hunting as numerous hunting parties have been active up the Ohio river.

The merchants are busy receiving spring stocks and preparing displays, while the newspaper advertisements of the dealers tinge with the glad tidings of spring, and what to expect in the world of fashions.

The contract for the building of the fleet of barges by the West Kentucky Coal company has been closed formally, and now the company is waiting for the shipments of long cypress from the south to begin work.

Monday will be a legal holiday and the banks, postoffice public library and other public buildings will be closed in honor of the birthday of Washington.

FLAG DAY

IS FITTINGLY CELEBRATED AT JEFFERSON SCHOOL.

Banner, Presented By Mrs. Palmer, Raised With Songs and Inspiring Addresses.

The Jefferson School league celebrated "Flag Day" Friday afternoon in an enthusiastic and beautiful manner. The children in all grades of the school, under the direction of Mrs. Taylor, sang "Glory to Old Glory" and "Flag of Our Fathers." The history of the flag was interestingly outlined by Mrs. Alonzo Meyers Her recital of the visit of Washington to Mrs. Betsy Ross with the design of the flag he wished her to copy was much enjoyed.

A beautiful note to the school children from the donor of the flag was read, in which the noble aspiration to be "true to the flag" was commended and was held to mean "to have love, purity, truth and courage," which is the full measure of good citizenship.

Mr. J. T. Ross, on behalf of the school, expressed the fullest appreciation of so beautiful a gift. Master John T. Ross, by drawings, gave the evolution of the flag and recited most impressively "The Pilgrim's Vision."

The address of Mr. J. S. Ross on "Patriotism and Loyalty" extolled the legacy bequeathed us by the patriots of '76, who fought and bled and died not only for their own rights but the rights of their posterity and today we owe them the debt of maintaining and bequeathing to those who shall come after us the principles they died to maintain.

Our country's greatness and safety does not consist in prosperity, productivity, statesmen or laws, but in the moral fibre of its people. Our country will be great only as long as the measure of the character of its people is high and upright.

The unbroken record of the Chess, Checker and Whist club was sustained

last night when the Light and Power five was defeated by the decisive score of 33 to 5. The game was about the roughest played on the floor this season, and so numerous were the fouls that the referee did not call one-half of them. None of the players were hurt in the game, but the rivalry between the teams was so intense as to make the playing too rough to be enjoyed.

D. A. D.'s Win.

The second game was between the D. A. D. five and the High school team, which was short several regular players, and it ended 30 to 10 in favor of the frat rnkly lads. Both teams fought hard and played a fast game, but the High school lads were unequal to the team work of their competitors.

The teams lined up: C. C. & W.—Fisher, center; Sights, Puryear and Singleton, forwards; Henneberger, Singleton and St. John, guards.

L. & P.—Engert, center; Frogee and Young, forwards; Simpson and Reyburn, guards.

VAUDEVILLE SHOW GIVEN AT BANQUET

Hoo-Hoo Entertains Guests in Unique Manner.

Novel Attraction Crowns Feast After Concatenation Late Last Night.

LOCAL LUMBER MEN PRAISED.

The most unique and altogether enjoyable banquet ever given in Paducah, and according to visiting lumber men, the best lumber men's banquet—was the title well earned by the entertainment last night at the Palmer House, given by the local Hoo-Hoo to the West Tennessee and Kentucky Retail Lumber Dealers' association. The banquet followed a concatenation of the Hoo-hoo, at which the following candidates were initiated:

Berry W. Blalock, Mayfield; William E. Galligan, Corinth, Miss.; Andrew H. Landrum, Chicago; Slavia Mail, Paducah; Ed Ross, Paducah; Clarence A. Schuman, Jackson, Miss.; Grover Treas, Benton; T. H. Johnson, Sharpe, Ky.; J. H. Faircloth, Iuka, Miss.; G. O. Friedel, Memphis; J. M. Wilkerson, Chattanooga; A. L. Kerker, Chicago; Reuben Jonar, Hattiesburg, Miss.; Algernon Sherrill, Paducah.

The surprise feature was a vaudeville show, which was presented while the guests were drinking their coffee. A stage had been erected at the south side of the dining room and the performers from the Star theater were engaged.

PUBLIC SPEAKER.

Advises Postum Instead of Coffee.

Some people think they must have a cup of coffee or tea before attempting any special work, some want it afterwards.

"The doctor advised me to give up coffee and drink Postum, which I did. Postum not only assures me a good night's sleep but nourishes the system. I have used it for a year and have taken great pleasure in inducing several families in our neighborhood to use Postum instead of coffee."

"One neighbor a highstrung, nervous woman who had drunk coffee all her life, frequently had attacks of stomach trouble from which she suffered untold agonies. Since she dropped coffee and has been drinking Postum she is in good health."

"A young man who had been used to coffee three times a day, found his nervous system calling for something stronger. He began to use spirituous liquors and was on the down grade. He finally decided to stop coffee and alcoholic beverages and drink Postum. Not being made right at first, he did not like it, but when I showed him how to make it—boil it 15 minutes, he liked it."

"This young man is now prosperous, healthy and of good habit. He believes Postum saved him from becoming a drunkard."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Every detail of the entertainment was carried out perfectly, and the local lumber men and the Palmer House management came in for the highest praise from the visitors.

Prof. Deal's orchestra played an excellent repertoire during the repast.

"My Old Kentucky Home," the words of which were printed on the menu cards, was sung when the orchestra played it, and at the conclusion of the vaudeville program, Mrs. Andrews sang the verse and the diners joined in the chorus.

Vice-governor J. K. Ferguson, presided over the feast with grace and tact, and kept things moving, so that there was not a dull moment from beginning to end.

Those who responded briefly to toasts were:

February 23—Louis Mann in "The Man Who Stood Still."

Louis Mann.

Mr. Louis Mann comes on Tuesday night next to the Kentucky theater in his latest success, "The Man Who Stood Still." This is one of the three successful plays written and produced this season by a new playwright whom Mr. William A. Brady, Mr. Mann's manager, discovered, is Jules Eckert Goodman, and he was hailed after the opening performance in New York city of "The Man Who Stood Still," as not only the first writer for the stage who had been successful in giving Louis Mann a really great role, but as a welcome addition to the group of young American playwrights who have been leaving their mark on the times in the last few years. In "The Man Who Stood Still" Mr. Mann will be seen as John Krauss, a foreign-born watchmaker, who thinks that what was good enough one hundred years ago—or a thousand, for that matter—is good enough for today. The role is filled with opportunities of which, according to the New York City newspapers, Mr. Mann takes splendid advantage. Seats for Mr. Mann's engagement are now on sale.

"The Land of Nod."

"The Land of Nod," a musical extravaganza whose splendid qualities are well known to a large number of theater-goers of Paducah, on Wednesday night, the 24th, will be presented at The Kentucky for matinee and night. This production was seen here last season and made one of those unmistakable hits which are always remembered by the spectators. Its comedy is bright and extremely humorous, and the musical numbers impress themselves upon the listener because they are jingling and "catchy" and full of genuine melody. In "The Land of Nod" there are many distinct types each of decided importance in the unfolding of the story, such as "April Fool," "The Chorus Girl," "The Welsh Rarebit," "The Sandman," "The Man in the

NOTICE.

I urgently request all persons indebted to me to make settlement before the first day of May, 1909, as I will after that date bring suit on every unpaid note and account due me. Now your account is to each of you a small matter, while the whole is to me very important. I shall deal with all alike; if you don't pay you may know that you will be sued, whatever your name or color may be. I hate to do this, but I am forced to it in self-defense. If you have not the money and will borrow it to pay me in full by the first day of March, 1909, I will deduct 10 per cent from your account, thereby paying the interest myself. Is this not as fair as any sane man can ask?

WINTER SERVICE.

In the hushed midnight of the year,
To him who listens well
Shall come the sound of twelve notes clear
From Time's unerring bell.

White-robed the priestly Winter
stands
And reads the service then;
About him, with uplifted hands,
The trees breathe an Amen!

Then in the distance, soft and sweet,
Celestial voices sing,
Arise, my Heart, and run to meet
The choristers of Spring!

adequate for every difficulty, a tone at once pure, sympathetic, warm, broad and so powerful as to be properly characterized as prodigious, and a style withal, that instantly stamps him as a musician.

Of the other members of the company: Madame Alice Myron, contralto, is an artist with a reputation in both Great Britain and America, and one of the most successful exponents of the wonderful art of the great teacher George Henschel. She has sung at the Symphony Concerts and the ballad concerts in London, and critics everywhere have sustained the enthusiastic verdict of the London press. Miss Palma Anderson, pianist, besides being a soloist of great charm, is that rarity among pianists, a sympathetic accompanist.

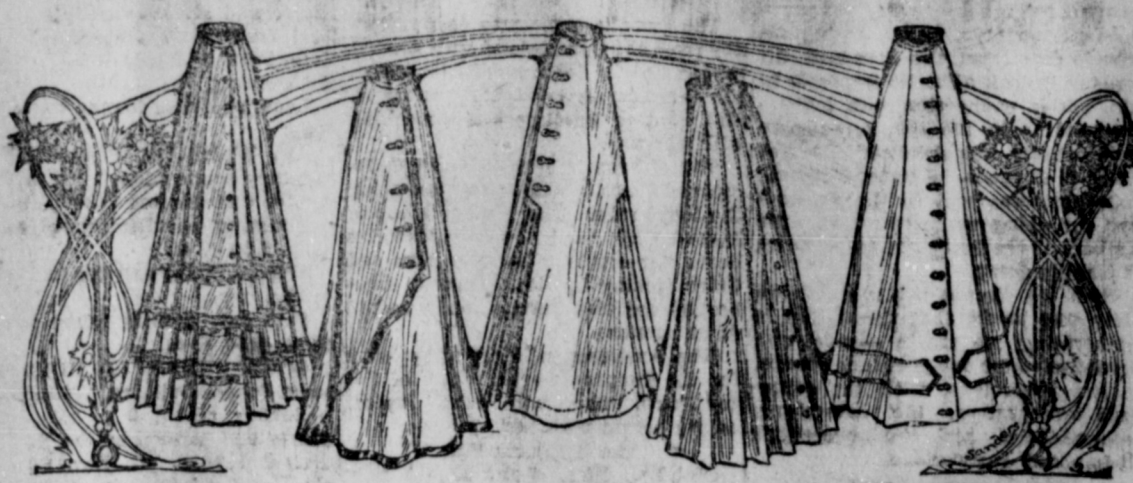

The pictures of these four artists are strikingly good to look at and their clothes are quite in accord with their looks, inviting the idea that they will be decidedly worth while to see as well as to hear.

Daily Thought.

He that contemneth small things shall fall by little and little.—Bible.

Wh-Who-Who had to get up early this morning?

That interurban talk sounds well.

The freedom of the press promises now to even survive the wood pulp trust.

France has a statute of limitations, which bars investigation into a criminal transaction.

In the Wisconsin legislature they have adopted the Bryan idea—every candidate, who contributed \$100,000 to the election of a United States senator has his name published.

All destructive efforts at reform must fail, just as the terrorist propaganda of the Russian revolutionists has failed. Development, not radical substitution, is the natural way.

THE FLIGHT OF TAYLOR.

Back of the petition for a pardon of former Gov. W. S. Taylor, is a story, in which, it is said, Senator-elect W. O. Bradley begged Taylor to remain in Kentucky, and Taylor gave his promise to do so, but was so pressed by foolish friends later, that the very night after giving his promise he fled to Indiana. The fear of his friends, perhaps, was natural. They knew he would not receive justice in the courts, and they beheld an apparent reaction following the death of Goebel. Possibly they were right; but Mr. Bradley's belief was that the party would rally to Taylor, if he were made a special object of vengeance, and having already won a victory, the majority of the people could be expected to stand by their side. The flight of Taylor cooled the passion of the people into calm suspicion, and it required seven years to restore a rational sense of justice, which the acute political vision of the senator-elect perceived even through the existing rancor.

ment for the empire, and one for each of the states composing it. Yet, he is satisfied because he is allowed to do anything he pleases so long as his action does not conflict with the rights of others to do as they please, or with the prerogatives of the crown. When America attained her freedom, she won for all civilized people their personal liberties; and in a monarchy, like Germany or England, the first effort to curb that personal liberty would result in the people striking at the most conspicuous manifestation of the power that restrains them—the crown.

Then what do they lack? Equality of opportunity, the thing toward which this country is striving in every epoch of its development.

When the fathers entered upon the Revolutionary war, they were not fighting for personal liberty, because they had been offered greater liberty and immunity from taxation than were enjoyed by the citizens of England. If they would remain as colonists, they surrendered more of personal liberty than they gained, when they entered on that conflict. Sacrifice and service were their contributions to the cause of humanity, and when they emerged from the conflict victorious, they had earned, not greater liberty, but greater responsibilities.

Is it not plain? They emerged sovereign citizens, and our German friend might recall the fact that a private citizen of Germany enjoys greater personal liberties than does the sovereign, who must on all occasions, as he was recently sharply reminded, consider the empire first in his every act and word.

So it is in this country. Sacrifice and service are demanded of citizens, who must surrender their personal desires for the welfare of the whole. There is no real loss; there is no surrender of anything of value demanded of the sovereign citizen. Moreover, we would recall to the mind of our German friend, that these are voluntary. And the native born American citizen, reared under American influence, unconsciously, perhaps, but none the less voluntarily, makes whatever sacrifice he deems necessary for the benefit of his country.

The European lacks the American conscience.

The consciousness of personal responsibility for the integrity of the nation. In an American election the average voter does not consider what is best for his personal interests, but before the election day he is positive that unless his party wins the nation will be disrupted, and anarchy and ruin be its portion.

In England thousands and thousands of acres of land are going to waste as "preserves" on the estates of the nobility. In England thousands and thousands of people are starving. The Liberal government is striving to bring these estates under cultivation, and enact laws to regulate certain traffic. The nobility possess the estates and own stock in the traffic to be restricted. The house of lords stands a solid barrier to the Liberal program. What would happen with such a condition in America?

It was discovered that Senator Foraker, who is one of the most able men in the senate and in time past has rendered really meritorious service to the country, had accepted attorney's fees from the Standard Oil company to look after its interests in Ohio, not in connection with legislation pending in the senate, and the whole country was shocked. He was retired in disgrace. Senator Mitchell, of Oregon, was sent to the penitentiary for doing no more than the members of the British house of peers are frankly doing.

When we discuss public questions wildly and assert that the nation is degenerating, we are in earnest and apprehensive for our precious charge. We are sovereigns, with the sovereign's prerogatives, the sovereign's responsibilities, and the sovereign's self-imposed restrictions.

VOICE OF THE PEOPLE.

Editor of The Sun:

I am constrained to believe your "prominent" young attorney who is credited with making the amusing remarks about the Christian Scientist who is supposed to have consulted him as to the collection of fees for treatment is a myth, for two reasons, either one of which is sufficient. First, Christian Scientists do not resort to law to enforce collection of their fees—this, however, is due to the forbearance of the Christian Scientists and not to the fact that the law would not recognize their fees to

The Williams Hit.

Natchez, Miss. Feb. 20.—A telegram from Shaw La., twenty-five miles south of Natchez says that the tow of the towboat J. B. Williams hit the bar at the foot of Glascock Island, sinking a model barge loaded with miscellaneous hardware and twenty-six boats of coal. Each boat had a thousand tons of coal aboard. The guards of the Williams were broken down, her head stove in and she took some water. Her commander, Capt. A. Jutto, reports that she is badly damaged. J. D. Barkdull, local manager for the Pittsburgh Coal company, owners of the boat and tow, sent a tug boat and float to the relief of the Williams. Some of the coal can be saved, but the loss will be heavy.

stomach trouble from which she suffered untold agonies. Since she dropped coffee and has been drinking Postum she is in good health.

"A young man who had been used to coffee three times a day, found his nervous system calling for something stronger. He began to use spirituous liquors and was on the down grade."

"He finally decided to stop coffee and alcoholic beverages and drink Postum. Not being made right at first, he did not like it, but when I showed him how to make it—boil it 15 minutes, he liked it."

"This young man is now prosperous, healthy and of good habits. He believes Postum saved him from becoming a drunkard."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

MAKING GOOD

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards. A good, honest square-deal medicine of known composition is

Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy.

"Peter's Unwise Experiment."

FOUNTAIN AVENUE—The Rev. G. W. Banks, pastor. Services at 11 and 7:30. Subject of morning sermon: "The Military Spirit in Christianity," text "I came not to send peace on earth but a sword." Subject of evening sermon: "Putting on the Whole Armor." Sunday school at 9:45 a. m. Epworth League at 6:45 p. m. in league hall, C. A. Wickliffe, president.

THIRD STREET—The Rev. T. J. Owen, pastor. Revival services 11, 2:30 and 7:30 o'clock. The Rev. Mr. Dees will preach.

TENTH STREET—The Rev. C. E. Jackson, pastor. Sunday school at 9:30 sharp. A full attendance of all teachers and pupils desired. Friends will be welcome. Church services at 10:45. Members should attend. Invite others. Further announcements made at the morning service.

The public is cordially invited to attend all services and to make use of the reading room.

MRS. LULA LANDIS

FUNERAL HELD AT BROADWAY METHODIST CHURCH.

Impressive Services and Sermon Delivered by the Rev. G. T. Sullivan.

The funeral of Mrs. Lula Landis at the Broadway Methodist church was very impressive. The choir sang her two favorite songs: "One Sweetly Solemn Thought," and "Face to Face." Miss Virginia Newell presided at the organ. Messrs. S. T. Hubbard, T. B. Fairleigh, F. B. Smith, Captain Ballew, L. B. Ogilvie and Ed Bringham were the pallbearers. The church was beautifully draped. Dr. Sullivan delivered a short funeral sermon. He said in part: "Many friends mourn with this bereaved family today in the loss of their beloved one. Mrs. Landis was a lovely Christian character, and was a member of Broadway Methodist church. She was married to Mr. Isaac Landis, of Louisville, December 23, 1907, in Paducah Ky. Her maiden name was Lula D. Morgan. She was only 24 years of age and leaves a precious infant 4 months of age, her husband, mother, one sister and two brothers to mourn their great loss; together with many admiring friends. She was planning to have her precious little boy baptized February 21, and was completing his christening robe. She was a great favorite with all who knew her. Lovely in disposition, kind in spirit, devoted in character, affectionate in every relation and a helpful companion. We will miss her very much. She loved the church. She gave to its support and prayed for its success. Her life speaks more than words can tell. We bury her in hope of the eternal day and commend the grief-stricken family to the mercy of our Heavenly Father."

A Pretty Home Wedding.

Mr. Samuel Haden and Miss Lillian Bougeno were united in marriage Thursday evening at 8 o'clock at the home of the bride, 164 Clements street. The officiating minister was the Rev. J. W. Bruner, of the Second Baptist church.

The house was prettily decorated in ferns and palms.

The bride is a daughter of Mr. John Bougeno and is a pretty and attractive young lady. She wore a beautiful gown of blue satin and carried a large bouquet.

The bridegroom is a son of W. T. Haden, of Mount City, and has many friends in Paducah, as he has made this his home for the last two or three years.

Miss Rosa Thurman presided at the punch bowl at the informal reception that followed the ceremony.

Only relatives were present. The bride's bouquet was caught by the bride's sister, Miss May Bougeno.

Hopkinsville Wedding of Interest Here.

The Daily Kentucky New Era, of Hopkinsville, says of the marriage of a former Paducah boy, who is prominently related here:

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing at last. My face was full of pimples and black heads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. I hope to have a chance to recommend Cascarets."

to be given by Mrs. Caroline Bartlett Crane, of Michigan. Mrs. Crane is always in demand as a speaker along educational, health and social lines; but during this course the matter discussed will be mostly confined to school houses, and the sanitary conditions of food supplies. The local committees in various towns in the state have for some time been investigating conditions and tabulating this information in order that Mrs. Crane may use it.

BETTER THAN SPANKING.

Sparking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. South Bend, Ind., will send free to any mother her successful home treatment, with full instructions and no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

The Spring Board meeting of the Kentucky Federation of Women's clubs, will be held the last week in March, in Harrodsburg, the home of the president and corresponding secretary. Those who will attend are: Mrs. Letcher Riker, Miss H. H. Hardin, Mrs. G. A. Curry, Harrodsburg; Miss Luella Boyd, Covington; Mrs. J. A. Mitchell, Bowling Green; Mrs. J. A. Rudy, Paducah; Mrs. A. M. Harrison, Mrs. Desha Breckinridge, Mrs. Mary Gratz Morton, Lexington; Miss Lillian Lindsay, Frankfort; Mrs. H. C. Muir, Nicholasville; Mrs. Frank Lowry, Paris; Mrs. W. M. Bartlett, Lawrenceburg; Mrs. R. N. Roark, Mrs. T. J. Smith, Richmond; Mrs. Chas. P. Weaver, Miss Fannie Rawson, Mrs. Mason Maury, Mrs. Jas. A. Leech, Miss Lilla N. Breed, Mrs. John L. Woodbury, Louisville. The board will review the progress of work along all lines for this year; will arrange the program to be carried out at the annual meeting in Owensboro in June. In addition to this routine work they will consider a suggestion from the General Federation that a state committee on Waterways be appointed. The president is now collecting data to place in the hands of this committee. The National Children's Bureau will have its share of attention.

Mrs. Ben. L. Banks, chairman of Health Department of the committee on Civics has prepared and is distributing a most attractive poster in regard to the prevention of Tuberculosis. The card is filled with a few short facts and warnings, and is very boldly marked with a double cross in red. They are intended to be displayed in schools and other public places and buildings and will be furnished at a penny each, to cover actual expense, to any person or organization upon application to Mrs. Banks, Richmond, Ky.

Mr. F. A. Sampson, secretary of Kentucky Anti-Tuberculosis association, says of them: "I have just seen displayed here in Louisville poster prepared by your state federation concerning tuberculosis, ornamented with a large double red cross. It struck me as a very attractive and very excellent piece of work, and I would appreciate it very much, if you would send us three or four of these posters for our offices."

Empty hogheads furnished free to parties wishing to ship their tobacco by rail or river

Tobacco is unloaded in large, flat baskets, each grade to itself, weighed and receipt given owner, showing number of draft and pounds thereof. A corresponding ticket is placed on each pile. The highest bid is written on ticket and, should owner accept same, by presenting at office receipt previously given, the cash is handed over.

Should the bid offered not be satisfactory, the tobacco can be offered the next day or at any other time thereafter.

It costs absolutely nothing to offer your tobacco unless bid is accepted, in which case we charge 15 cents per hundred pounds and 2 cents on the dollar.

The greatest demand among manufacturers and dealers is for loose tobacco and, since it will bring more money offered loose, why go to the expense of having prized, stored, insured, inspected and looked after?

You will get more money for your tobacco when offered to the highest bidder in open competition with twenty-five buyers trying to buy than when you expect or require one buyer to buy millions of pounds without competition at a round price.]

CAST ALUMINUM PLATE CO.

(Incorporated.)

Factory, 405 Fraternity Bldg., Paducah, Ky.

This company was organized for the purpose of making for the dentists in all parts of the United States; pure aluminum plate, cast for artificial teeth, an invention of Dr. E. Stamper, of this city. These plates have proven a great success among the dentists also. Dr. Stamper has been using them in his own practice for the past year with marked success. From these facts we are sending these cast aluminum plates to the dentists in the states of Alabama, Louisiana, Georgia, Tennessee, Kentucky, Missouri, Vermont, Maine, California and others.

Now these plates being such a success with the dentists at large, we are going to add to our work the local trade—that of Paducah and vicinity.

We have not room here to tell of all the good features of these plates, and we have for our consulting dentist Dr. Stamper, the inventor of the new process, who will do all of our office work. Call at his office, 203-205 Fraternity building. Office hours 8 to 5:30 daily, Saturday nights 7 to 9. Both telephones.

MADISONVILLE'S ORATOR IS WINNER

Owensboro Takes Second Prize
at Contest.

Edwin Lightfoot, Delivers Excellent
Oration on "The Evil of the
Hour."

INTER-HIGH CONTEST HERE.

Madisonville, Ky., Feb. 20.—Pay Toones, the representative of the Madisonville High school, was awarded first prize last night in the oratorical contest between the High schools of western Kentucky. The winner's subject was "Does Might Make Right?" J. Houston Payne, the Owensboro representative, who spoke on "Old Kentucky," was awarded second honor.

Paducah was represented by Edwin Lightfoot, who used "The Evil of the Hour" as his subject, and his oration was commented on favorably. Princeton, Hopkinsville and Pembroke High schools also were represented.

The judges were: Prof. J. Y. Boyd, of Dixon; J. B. Atkinson, of Earlinton, and Judge Flournoy, of Morganfield. A reception in the Y. M. C. A. was given the visitors and representatives of the school yesterday afternoon.

The next contest will be held at Paducah.

Mr. Lightfoot's Speech.

The speech of Edwin Lightfoot, the Paducah representative, was:

"Born in the hour of necessity and given existence by the blood of our forefathers, propagated by a patriotism without a parallel, and attaining foremost rank of all the nations of the earth, who is there and where is there, the American who does not love every star in our national flag? Who would fall to know the language of liberty it so eloquently speaks whenever unfurled? As an emblem of the growth of the causes of humanity, its triumphs and victories, its conquests in peace and war, have accorded our republic a station in history majestic in all its nobility and power. Its every star shines by day and by night, as the beacon light to guide and guard the oppressed who may seek protection beneath its folds. And to the world whether of remote land or clime, it beckons a coming to our shores that shames and chains of tyranny be broken.

"Surely, as we look to the origin

RID YOURSELF OF STOMACH TROUBLE

Eat Your Favorite Food With-
out Dread of an Upset Stomach

Why not start now—today, and forever rid yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapiesin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to begin taking Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to be thoroughly cured of Indigestion.

of our country and know the causes of its growth; see the colossal strides it has taken; behold how great a refuge it has become, the historian must marvel at the bright page it will make in the world's panorama of events.

"We are proud of our attainments as a people and glorify our fame as a nation. We pay homage to no power other than ourselves and know neither king nor queen. We have defined our country as bounded by no particular territory, but can refer to it as the land of freedom.

"Yet, with all our boasted claims, with our just pretense of greatness, our magnificence of laws, have not and does not the trend of the times, bid the great ship of state, to carefully feel her way over the shoals that may threaten her? With conquests and progress, peace and prosperity, in plenty, with all the love we may have for her institutions, have we not reached an epoch in our nationality that behooves a sounding of the seas over which we sail?

History's Warnings.

"It has been the sad fate of the greatest nations of the world to fall because of some defect in their government or their people whose crumbling ruins attest their obscurity in history. Imperious Rome and stately Greece have each in time fallen as nations and declined as a people, because they failed to follow the tenets and laws of their own government. Arrogant Spain and faltering France, together with despotic Russia, have added merely to the many that have become the experiments of government.

"We, by reason of our native

wealth, industry and inventive genius, have become ambitious as a nation to rank as the greatest factor of the commercial world. The education of our citizenship, our laws and our customs, have all combined to give encouragement to the one idea of commercialism. With successes achieved that have maddened in the world of trade, with examples of the glamour of gold that is amazing as to amount of attainment, with our every effort to secure and recognize wealth as the means of greatest power, it has become a criticism of the hour that we have become a people forgetting the real principles of our government and have plunged ourselves into a species of serfdom that threatens the very stability of the Republic. Indeed, indeed, might it not be said that the frames of our constitution have so magnified the liberties to citizenship in the ownership of property, that after all our greatest danger may be found in too much liberty?

"With laws that teach its accumulation and with no restraint as to amount; with laws that sanction and permit combinations of capital; with laws that have permitted and stimulated corporate and individual greed and that have made it possible for ten citizens of this union of commonwealths to own one-half of the wealth of this nation, and with ever increasing power being secured, well might the citizen look to the safety of his nation.

Mammon is King.

"Is it not true that with us Mammon has become both our king and our God? What are not its possibilities? With wealth and intimidation, it has invaded the sacred rights of the ballot in elections; with audacity, it has stalked into legislative halls, electing its servants over the demands of the people. It has debauched and polluted the courts and governments of our country by means of its dollar. With its purchasing power, it has had its minions in its employ in the guise of our senators and representatives. Surely, it is true, that it dictates laws and stifles the enforcement of good ones. Its power has strangled competition in commerce and made labor subservient to its demands. Its agencies dictate the policies of political parties and of the nation itself.

"It has been said that anyone of ten men may plunge our country into financial distress and panic in less than one hour's time by reason of his wealth—and that the combined wealth of six men can make the nation to totter in financial ruin, because of their power. Indeed, the money power hovers over and dominates our national affairs instead of the nation controlling the dollar. And so its power grows and will continue to grow until the return of the one-time love of country instead of the love of money. The nation, through her officers, proclaims her inability to arrest the triumphant march of Mammon. And, how pitiable is our national state, when we are told that our constitution conveys such despotic away in the accumulation of money power and that the instrument was intended to shield the people, instead of smiting them.

"And what is the remedy? The American of today is the same brave man, as of the past; but he will in the future require no revolution for the great problems that will confront him. I have confidence in my country and can prophesy the peaceful adjustment of conditions that may call for his wisdom and justice. I believe the high sense of duty from

man to man and nation to subject will lead us to discard this species of education which means that the acme of greatness shall be found in wealth; that will enable us to make laws that will stay the hand of such power; that will guide us in return to our first place of mooring, where, as in the past, we can again sow the seeds of patriotism; when we can build a republic of manhood rather than of money, and standing in the shadows of Washington and Jefferson, we can, as did our Saviour-chasing the money changers from the temple, drive this inordinate love of money from our hearts and proclaim to the world that God, and not Mammon, is our only king."

C. H. SHERRILL

ELECTED PRESIDENT OF KENTUCKY LUMBERMEN.

Adopt Resolutions for Relief From Taxation of One-Sided Demurrage.

Louisville, Feb. 20.—Mr. C. H. Sherrill, of Paducah, was elected president of the Kentucky Retail Lumber Dealers' association. Before adjourning, the association passed resolutions strongly indorsing efforts to secure relief of reality from the burden of taxation and providing for measures to secure reciprocal demurrage with railroads.

C. H. Sherrill, of Paducah, was chosen president of the organization; John F. Frey was elected vice-president; Thomas R. Brown was chosen treasurer, and J. C. Taylor was re-elected secretary. By custom of the body, Mr. Frey was to have become president, but owing to his illness, his physician had stated that Mr. Frey will not be able to accept active leadership of that body. This fact he communicated to the members of the association, and Mr. Sherrill was then chosen.
